

# *Changing your name...*

Congratulations, you've been #hitchedwithlove and you now want to change your surname to your new married surname, but how and where do you start?

- Step 1** Apply for your official certificate of marriage through Births, Deaths and Marriage. If you are my client, you already have this as well as 10 certified copies.
- Step 2** Take your original marriage certificate and a certified copy to Queensland Transport and change your drivers licence or ID card
- Step 3** Take your original marriage certificate, a certified copy and your new drivers licence or ID card to your bank. Change your accounts and ask for a bank account verification letter which will show your new name

Congrats, you now have 100 points of ID, and the rest will be a piece of cake, continue to next page for where too next.

## Prioritise These...

- Accountant
- Australian Taxation
- Office
- Bank accounts
- Centrelink
